

2021 Goals for Plant Clinics

1. Streamline inventory sheets. Include only important or valuable items.
2. Give all clinics \$30 for making change.
3. Collect all books for sale from the clinics, price them the same, and redistribute them back to the clinics.
4. The Heathsville plant clinic will reopen in April 2022, because it costs us to be there. Hopefully all other plant clinics will open in the summer or fall of 2021.
