

Help Desk

Even though local Virginia Cooperative Extension offices remain closed due to the COVID-19 pandemic, Northern Neck residents still have a place to go with their lawn, garden, shoreline, pest, and other horticultural questions.

Northern Neck Master Gardeners monitor their Help Desk email account and rely on their training, experience, and resources available from Virginia Cooperative Extension to answer questions.

Volunteers will be available at the **Remote Help Desk** on Friday mornings from 9:00 a.m. until noon starting in March and also on Tuesday mornings beginning in April.

Residents of the Northern Neck are invited to email their gardening questions to helpdeskNNMG@gmail.com.

Please include your contact information and a daytime phone number with the description of your problem. Please attach photos of the plant or insect to help us diagnose the problem.
