

# *The Northern Neck's*

# AIR LAND & WATER

— Make the most out of them —

[www.NNKgreen.org](http://www.NNKgreen.org)

Recently moved to the Northern Neck? Or simply curious about what plants grow well in local soils? How pesticides and fertilizers affect the Chesapeake Bay? Stormwater management? The character of local forests? The importance of habitat for birds, foxes, snakes, deer, and other local fauna? Landscaping tips? Fishing and boating recommendations? Recycling and composting? Shoreline protection? County regulations? Native plants? And much more?

Let [www.NNKgreen.org](http://www.NNKgreen.org) be your resource ~ a regional website designed as the go-to place for all topics environmental relevant to the Northern Neck of Virginia, with the active participation and contribution from many of the region's organizations dedicated to making the most out of our air, land, and water.
